Diesel Sweater - (Generic child variant)

This is a TEST product to show you how it will look like if you use Custom Field: Generic Child Variant. In this DEMO, Diesel Sweater is parent product and all others are child products. Black, Grey and Mahogany colors have stock, and Navy/Blue is Out of Stock. The parent product is set "not orderable", so "Choose a product variant first" text shows off instead of "add to cart" button. Also notice that, the product pictures are changed based on color selection.

Description

This is a TEST product to show you how it will look like if you use Custom Field: Generic Child Variant. In this DEMO, Diesel Sweater is parent product and all others are child products. Black, Grey and Mahogany colors have stock, and Navy/Blue is Out of Stock.
The parent product is set "not orderable", so "Choose a product variant first" text shows off instead of "add to cart" button.

Color options and stock info

Mahogany = In Stock

Navy/Blue = Out of Stock

Heather/Grey = In Stock

This Custom Field option is good if you want to show different product pictures for different attributes. To get the same thing in your website; make sure that;

- **"Parent Orderable" is UNCHECKED**
- **"Display parent as option" is CHECKED**
